Go to MyEntries and click the More button beside the show.

In the upload documents area, change from 'File' to 'Music for MFS'

The screenshot shows a web interface for uploading documents. At the top, there's a header with a 'MORE' button, the event name 'Test One Day Horse Trial New', the date '01/02/2024', a 'REQUEST INVOICE' button, and an 'ENTRIES' button. Below this is a form area with a 'Description' input field, a dropdown menu currently set to 'File', a 'Choose File' button, and the text 'No file chosen'. An orange arrow points from the 'Choose File' button to the 'Music for MFS' option in the dropdown menu. To the right of the dropdown is an 'UPLOAD DOCUMENT' button. At the bottom of the form area, there's an 'ENTRIES' label and a 'HIDE' button.

Now you will see a new pull down where you can select the class and horse for the music.

The screenshot shows the same web interface as before, but with the dropdown menu now showing a list of options. The first option is 'File', and the second option is 'Music for MFS'. An orange arrow points from the 'Choose File' button to the '3 Novice - Johnny Test' option in the dropdown menu. The 'UPLOAD DOCUMENT' button is still visible to the right.

Type in a description (suggest the class number as a double check).

Click on choose file and select it from your own computer.

Press the 'Upload Document' button.
