

## Uploading Music for a Musical Freestyle Class

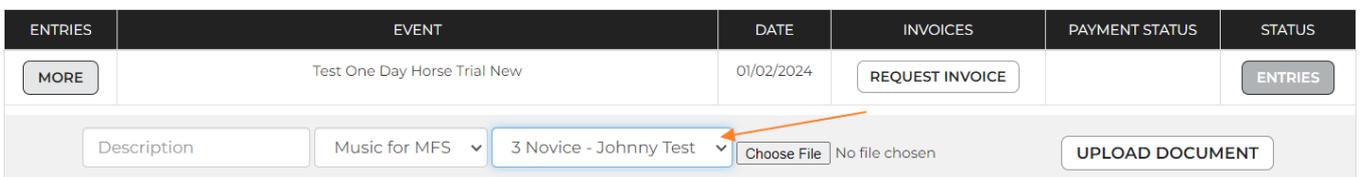

Go to MyEntries and click the More button beside the show.

In the upload documents area, change from 'File' to 'Music for MFS'

The screenshot shows a table row for an event titled "Test One Day Horse Trial New" on "01/02/2024". Below the table is an "UPLOAD DOCUMENT" form. The form has a "Description" field, a dropdown menu currently set to "File", a "Choose File" button, and an "UPLOAD DOCUMENT" button. The dropdown menu is open, showing "File" and "Music for MFS" as options. An orange arrow points to the "Music for MFS" option.

Now you will see a new pull down where you can select the class and horse for the music.

The screenshot shows the same "UPLOAD DOCUMENT" form. The dropdown menu is now set to "Music for MFS". A new dropdown menu is visible next to it, showing "3 Novice - Johnny Test" as the selected option. An orange arrow points to this dropdown menu.

Type in a description (suggest the class number as a double check).

Click on choose file and select it from your own computer.

Press the 'Upload Document' button.
