Go to MyEntries and click the More button beside the show.

In the upload documents area, change from 'File' to 'Music for MFS'

The screenshot shows a web interface for uploading documents. At the top, there is a header with a 'MORE' button, the event name 'Test One Day Horse Trial New', the date '01/02/2024', a 'REQUEST INVOICE' button, and an 'ENTRIES' button. Below this is a form with a 'Description' input field, a dropdown menu currently set to 'File', a 'Choose File' button, and the text 'No file chosen'. An orange arrow points to the dropdown menu, which is open and shows two options: 'File' and 'Music for MFS'. The 'Music for MFS' option is highlighted in blue. To the right of the form is an 'UPLOAD DOCUMENT' button. At the bottom right of the form is a 'HIDE' button.

Now you will see a new pull down where you can select the class and horse for the music.

The screenshot shows the same web interface as above, but with the dropdown menu now set to 'Music for MFS'. The dropdown menu is open and shows a list of options, with '3 Novice - Johnny Test' selected. An orange arrow points to this selected option. The 'Choose File' button and 'No file chosen' text are still present. The 'UPLOAD DOCUMENT' button is also visible.

Type in a description (suggest the class number as a double check).

Click on choose file and select it from your own computer.

Press the 'Upload Document' button.
