

## Creating an account for a rider under 18, not previously registered with Evo Events

For riders under 18 their account needs to be linked to a parent account; it is not necessary for the parent to ride.

Increasingly events are not accepting entries made directly from the account of a rider under 18 years. This decision relates to Health and Safety and insurance requirements.

Once the parent (or another responsible adult over 18) has set up their account they can then add riders under 18 to it.

Sign in and click MY ACCOUNT - top right but only visible once you have signed in.

The screenshot shows a mobile application interface. At the top, there is a dark grey navigation bar with two tabs: 'HOME' and 'MY ENTRIES'. Below this, a large orange banner contains the text 'REGSITERAION UNDER 18' in white, bold, uppercase letters. A white modal dialog box is centered on the screen, containing the text: 'Are you adding a child under 18, to be linked to your account? Ensure that you assign a different password than your own.' Below the text are two radio button options: 'Yes' and 'No'. At the bottom of the modal are two buttons: 'cancel' and 'next'. In the background, partially obscured by the modal, are input fields for 'Phone' (07 826 7730), 'Mobile' (021 684...), and 'Country/National Federation' (United States).
