

Creating an account for a rider under 18, not previously registered with Evo Events

24 [Vicki Lawson](#) August 6, 2017 [Creating an Evo Events account](#) 13016

For riders under 18 their account needs to be linked to a parent account; it is not necessary for the parent to ride.

Increasingly events are not accepting entries made directly from the account of a rider under 18 years. This decision relates to Health and Safety and insurance requirements.

Once the parent (or another responsible adult over 18) has set up their account they can then add riders under 18 to it.

Sign in and click MY ACCOUNT - top right but only visible once you have signed in.

Scroll down until you see REGISTER RIDERS UNDER 18
